International Coastal Cleanup, September 21st, 2024

The International Coastal Cleanup will be hosted by the Lee County Visitor & Convention Bureau at the Alison Hagerup Beach Park this Saturday, September 21st, from 8:30 a.m. to 11:30 a.m. Parking fees at the Alison Hagerup Beach Park will be waived for participants.

This is a fantastic opportunity to come together and clean up our beautiful community. With your help, we can remove litter and debris from the water and shoreline, ensuring a healthier environment for all.

Event Details: Bring your gloves, sunscreen, hat, reusable water bottle, and a positive attitude! Trash bags, data collection sheets, and a limited number of extra gloves will be provided. Activities will include collecting trash, recording data on litter types, and enjoying a day by the water with fellow community members.

By participating, you'll be making a tangible difference in our local environment and contributing to a global effort to keep our oceans clean. It's a wonderful way to give back to the community and spend a day outdoors with friends and family.
