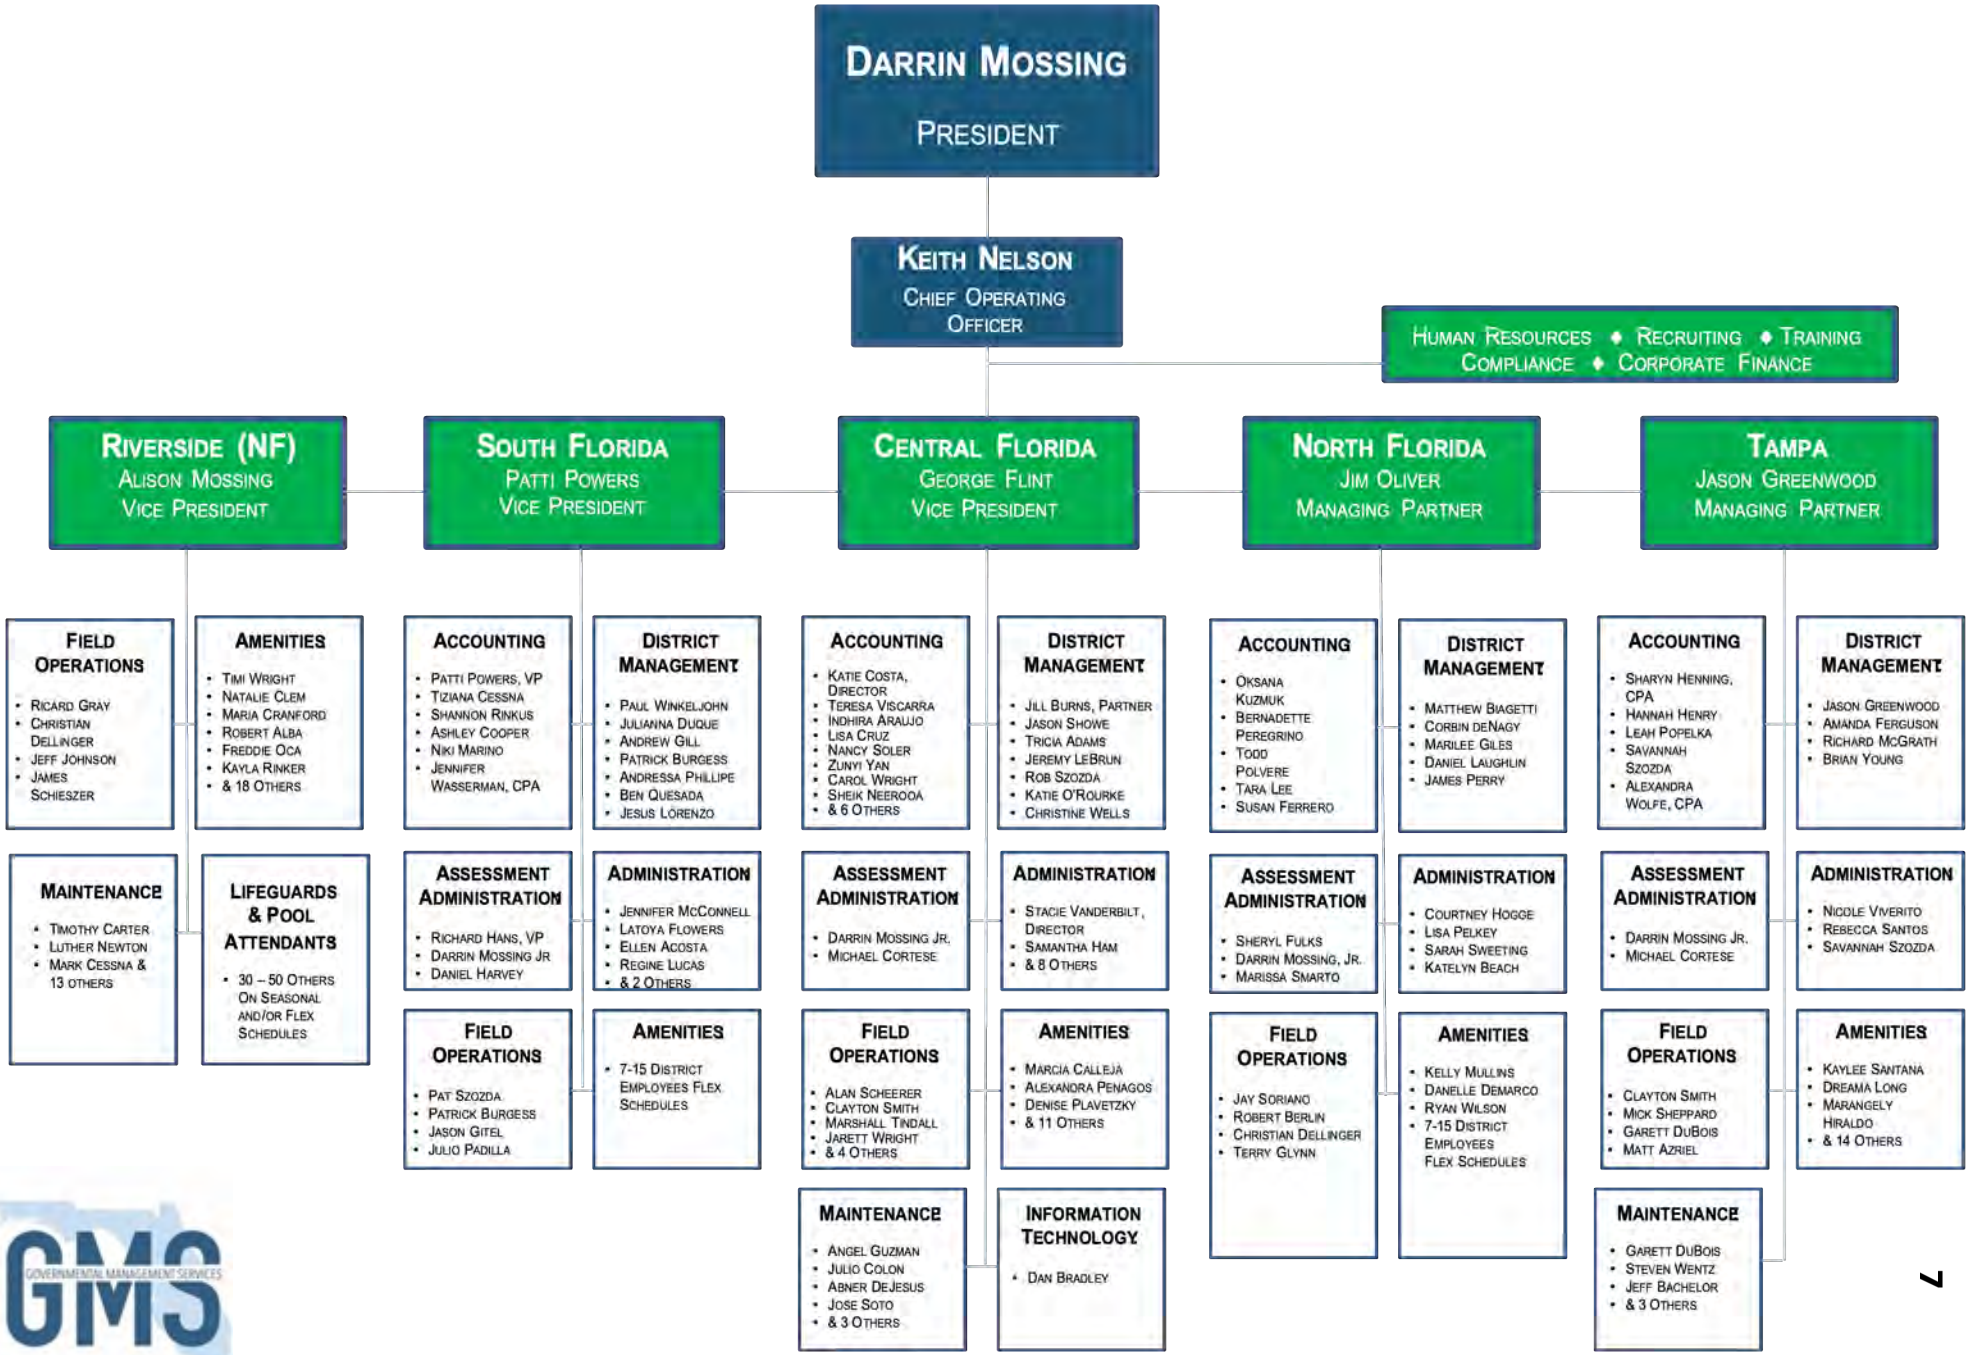
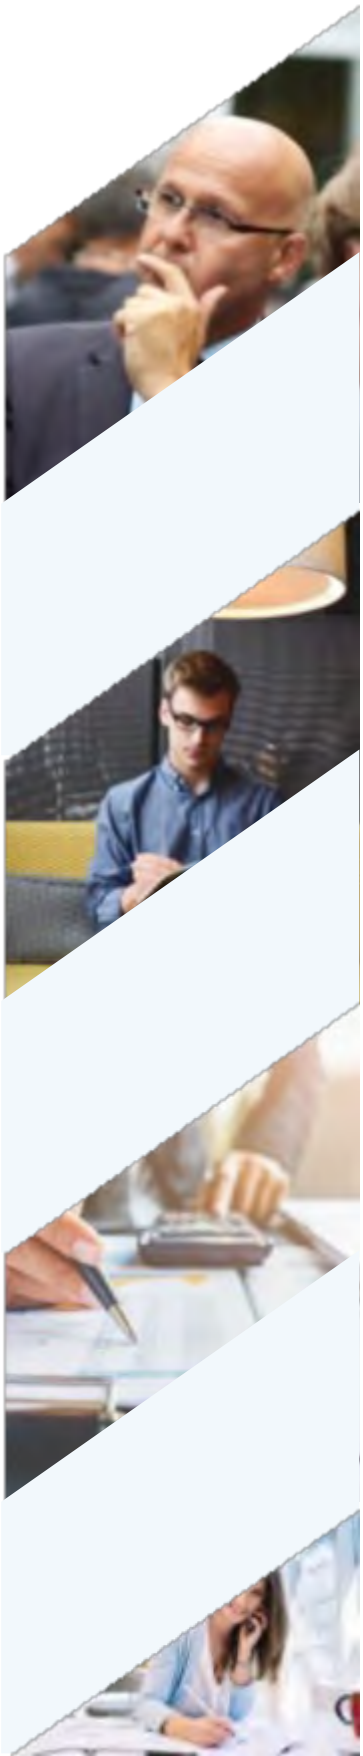
GOVERNMENTAL MANAGEMENT SERVICES



OUR TEAM



Although technology has tremendously impacted how services are provided for nearly every business today, GMS realizes an organization is only as good as the individuals working within it. If an organization is not able to retain hardworking, knowledgeable and dedicated employees that understand their client's needs, it is most certain to fail. It is for this reason that GMS has focused a significant effort on recruiting and retaining the best in the district management industry

STATEMENT OF STAFF CONSISTENCY

The District Management Team proposed remains the same for the duration of the contracts. Any changes in the District Management Team will be discussed and approved by the Boards of Commissioners. Members of the management team have worked together for years, and there is complete trust and loyalty in their abilities to provide the most efficient, effective and professional management services possible. In addition, these types of long-term personal relationship among GMS staff are reassuring to our clients because personnel turnover in any organization is extremely detrimental to its ability to provide the necessary services.

"GMS realizes an organization is only as good as the individuals working within it."
